

TidalFit

SWIM SPAS &
DUAL TEMP FITSPAS

**IMPROVE HEALTH AND
WELLNESS AT HOME**

A woman and a young girl are smiling and enjoying a hot tub. They are surrounded by colorful, inflatable rings. The background is a lush green garden.

FOR FITNESS, FAMILY AND FUN

Family-friendly TidalFit Swim Spas are an excellent alternative to a full-sized backyard pool. In addition to providing many of the same benefits as a traditional swimming pool, TidalFit is also considerably easier to maintain. TidalFit Swim Spas can be used year-round due to the pool's ability to regulate its temperature. An ideal backyard solution for family amusement.

REVOLUTIONARY *TRUE VARIABLE SPEED*

The **WaVS** true variable speed system offers swimmers a range of swim options by allowing them to adjust the swim resistance at every comfort level. Whether you're a beginner or a seasoned swimmer, this system allows you to customize your own workout routines, ranging from low to high intensity. Dive in and experience the customizable power of the WaVS swim system.

The WaVS variable speed system allows you to control your spa temp and filter cycle through your phone!

SWIM JET SYSTEMS

TidalFit's swim systems offer a convenient and private way to exercise and stay active without the need for a gym membership or traveling to a public pool. With this latest technology, TidalFit customers can customize their workout routines and target specific muscle groups to achieve their fitness goals.

WaVS VARIABLE SPEED SYSTEM

- (4) 6.0 in. Swim Jets

STEPS

*2-Steps Available on Semi-Inground Models Only
5-Steps Available on Above-Ground Models Only*

Black

Black 5-Steps

WORLDWIDE WIFI APP MODULE

The Worldwide App Module option, allows you to access your hot tub using an app on your smart device (Android™ or iPhone®). Gain access anywhere in your house that you can connect to your local WiFi network, or anywhere in the world you have an internet connection to your smart device via 3G, 4G, 5G or WiFi hot spots.

With the app, you can ensure that your hot tub will be ready whenever you want to take a dip. The App provides full interface control so you can set the temperature, turn pumps on and off and even set filtration cycles - all from your smartphone or tablet.

*The app's cloud access cost is free for the 1st 12 months and then \$24 per year after. If not renewed after 12 months, the app will continue to operate in local mode only. *WiFi module purchased separately.

COVER LIFTERS

A COVER LIFTER OPTION is a vital piece of equipment that serves to protect not only your spa but also the cover. With a lifter, entering your spa is a cinch.

Manual Cover Lifter

Hydraulic Cover Lifter

AQUATIC TRAINING SYSTEM

Elevate your swim spa experience by incorporating the optional rowing bars and resistance cords, allowing you to engage in a full-body workout while enjoying the water. With the stationary swim tether, you can take your swimming technique to new heights, enjoying the benefits of resistance training for improved performance.

WATER PURIFICATION

CLEAN & PURE SPA WATER

Our water purification systems virtually eliminates the need for chemicals to oxidize contaminants and organics on contact. It converts oxygen molecules “in the air” into ozone. When organics such as bacteria, viruses, and bather load are burned up in the process, it then reverts back to pure, fresh oxygen.

Proven ozone technology effectively removes water impurities and microorganisms, reduces chemical usage and requires less maintenance. Your skin will feel soft, clean and free of harsh chemicals.

Clean spa water made easy...nature's way.

SAVING TIME AND MAINTENANCE

For residential spas that effectively remove water impurities and microorganisms, reduce chemical usage, require less maintenance and provide the convenience of one unit to clean your spa day after day both domestically and internationally.

Proven, reliable and green technology for clean spa water.

Diamond AOP™

The Diamond AOP™ process combines Microfiltration, high efficiency Circulation Pump, and the AquaNova™ UVC & Ozone Spa Sanitizer, to create a highly advanced oxidation process (AOP) for water purification.

Crystal ProPure™

Water Purification combines the Ozonator, Dynamic Injector, and the ProPure Mixing Chamber. All components work together to create an innovative water purification system.

About TidalFit Exercise Pools

The TidalFit exercise pool is built to the same world class quality standards that you would expect from May Manufacturing, LLC, who is renowned throughout the spa industry. Designed with an ideal combination of innovative engineering and artistry, the TidalFit is as constant in quality as it is in efficiency and design. Some of the most discriminating buyers acquire this exercise pool because it is intuitively user friendly, as well as being aesthetically appealing. Simply put, with its quality workmanship and exceptionally attractive features, the TidalFit is in a class of its own. TidalFit was recently seen on the ABC television show *Extreme Makeover Weight Loss Edition*.

www.TidalFit.com

Built in the USA for the World: TidalFit is sold in over 68 countries.
